Hello Friends in forum,

I request kindly some hackers to attack two websites because it is a scam and they are stealing money from people in this pandemic period of COVID 19

People are not working and got nothing to eat and these scammers is stealing people's money

I request kindly to attack this websites : <https://bitcoineasily.com/> - <https://rummagecoin.com/>

Thank you, and please save people from scams, God bless you all

Do you have any proof are those scammers or they stealing money? There might be chances there

is personal issue between you and them and you taking benefit of covid-19.

If you have solid proof, will do it without hesitating ?
