Thread: [Looking to buy beats similar to lil peep](#)

ExpiredNumber - April 21, 2020, 4:00 pm

I'm looking for a producer, someone who can make beats, I'd have to have full rights so I can upload it to spotify for \$ since I'm essentially a starving artist.

Any help would be great.

Are you looking to purchase beats or are you looking for freebies?

Good luck.
