## About Us

Kozaro is an OSRS-based private server which has freshly released again after 4 years of downtime. We present new pieces of content every single week and are excited to share this journey with you yet again. We offer you a wide variety of features ranging from intriguing skilling encounters and events to challenging OSRS bosses & minigames. You can choose to play as anything from a normal account to a HCIM for more of a challenge and anything in between. We have automated wilderness events and tons of passive content to do such as daily tasks and loyalty rewards. Below is some media of some select features.

## Chambers of Xeric

We offer you a raid system with several boss rooms, The Great Olm and all Raids 1 rewards

## Unique Teleportation System

Travel safely and easily with our easy-to-use teleportation system

## Tons of Bosses

We offer you plenty of authentic, challenging OSRS bosses

## Revenants

Full Revenant Caves with etherium bracelet and great rewards

## Competitive Skilling

Our skills are fully working, profitable and the contain loads of encounters to keep you interested

Misc. content

Other content to take part in that you may find interesting at Kozaro
