Thread: [Extremely targeted leads \(Dropshipping / IG \) Growth Hack](#)

SIM-3766278 - April 21, 2020, 8:52 pm

Last year I was lucky to join one of these ecom secret groups on Facebook, that group required 1 BTC entry fee along with other requirements..

Long story short, the admin shared with me a Hack that Pros use to grow their IG followers and their dropshipping stores.

Basically you scrape emails from competitors followers and create a Facebook ads manager custom list and then target these people.

He shared with me a very expensive software that does all of this, and Facebook just banned my business ads manager because fuck Aliexpress..

So I decided to sell this service here.

I will be selling email lists for \$10/1k

all you have to do is link me to your page so i can find your competitors or you can link me to your competitors

All am selling is leads, not followers or anything else.

I guarantee that my leads are extremely targeted to your niche.

Can you get the leads on any specific site?

Not from their database, but from their social accounts.

Some of yall niches are hard as fuck, I may need to increase the price for specific niches.

Posting to come back tomorrow.

This is an insane way, but I'd say 1 BTC is quite expensive for this.

CPA Exposé - May 5, 2020, 4:30 pm

Is this method for sale by any chance? if not, may have a niche for you to provide.

This is against FB TOS and could be the reason for the bans

no, there is no way they can find out.

the reason of the ban is ali products.

If you dont know much about a topic dont just come here and trash my thread..

Stanley - May 15, 2020, 12:44 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I've been advertising on Facebook for over 5 years.

I can guarantee you that it is against TOS.

Not saying that's why but COULD be why.

Not trashing, trying to help.

Good luck!
