Thread: [president speech](#)

Rezy - April 22, 2020, 1:36 am

I always watch my president's live speeches on youtube for the sole purpose of the comments, they are really funny.

But here is my question, does your president beat around the bush? Like my president, Cyril Rhamaposa, he speak for 10 minutes to just give out 1 important thing that is going to be happening.

Another thing African time is real, he arrives when he wants to arrive, not when he is suppose to arrive.

Pretty funny, let me know if your president does the same thing.

My president is your president, so yeah. Just ZA things.

Its a tough position though, the real honest truth is we just don't know. But would you feel better to see a president say that? Personally I might, but I can just imagine the panic that would cause.

well my home country doesn't have a president, but the prime minister doesn't really say much of use most times...

Our Prime Minister is recovering from Covid, so he ain't saying much at the moment. Thought he was doing OK prior to this, given the limited resources we seem to have available.

Yep, Boris Johnson. That's the one, not one of his brighter moments. Don't think his dad did him any favours either. He appeared on a breakfast TV interview and announced 'he'll go to the pub if he wants to'...

Rest in piece South Africa aka Rhodesia 2.0

Our prime minister doesn't really do speeches, he really sucks at public speaking

SIM-3205632 - April 22, 2020, 3:36 am

The prime minister of health in my country is an obese whale.

Very true it is coming very soon, hope the recession helps a bit.

Exposed74 - April 22, 2020, 4:36 am

I usually only watch the sum up, cause that's fucking boring to listen to for 20 minutes and lack leadership

Demize - April 22, 2020, 7:09 am

I enjoy watching trump just to make fun of him, it's like watching a 5th grader present something with the vocabulary he uses

Weddy - April 22, 2020, 7:12 am

Our prime minister (In Canada) is not really better tbh

Vibe - April 22, 2020, 7:21 am

Lmao my president is an absolute fucktard

Aedan_ - April 22, 2020, 7:24 am

I stopped listening to my president even before he was elected.

shitmaster - April 22, 2020, 7:57 am

My PM Lee Hsien Loong (Singapore) is somewhat boring to listen to. He reads a lot. He talks super slow. Impressively boring. But he is a good guy.

Most leaders would try to keep calm. Just not Donald Trump. Been watching him on my TV-Box via Haystack News App. He makes others boil.
