Hey what's poppin' guys!

I have a telegram group that is FREE to join where I send out trades, analysis and answer any and all questions I can to help you guys improve. To be honest, by doing that it forces me to get more time on the charts so that helps LOL. In the past four weeks, I've only lost one to two trades out of around 30-40 I'd say? I don't care much to keep track however if you'd like to check it out for yourself and see if you can benefit from joining I'll drop my telegram chat below.

-- Don't misunderstand.. This isn't a scam. This in my humble opinion isn't a waste of time. This is merely me trying to gain a reputation slowly overtime whilst polishing my skillset. --

Hope to see you guys there!

Also, if you're hesitating because of my rep.. Don't. I'm a very blunt and honest person who will call anyone out on their crap. If you can put two and two together.. that's why.

BTW! If you join and you leave, you will be banned. Even if it's accidental you'd have to create a new account to join. Keep that in mind. I don't want any waste joining my chat, so if you come in asking for money, banned. If you come in to advertise, banned. If you spam my chat with bots, I will take matters into my own hand and I'm sure I don't have to elaborate.

This chat is NOT strict. Have fun, chat, make money, etc.. We have people from America, Netherlands, Riyadh, caribbean, etc.. Basically what I'm saying is I don't give a fuck where you come from, you are free to join.
