Thread: [The Lavish impersonator is now Trappy](#)

Luca - April 22, 2020, 4:54 am

So I got a DM from "Trappy" on Discord a few minutes ago and found it confusing because I never added Trappy.

Luckily, the person had already added me as Lavish in the past so I could look at our past DMs.

Message he sent as Lavish:

Message he sent as Trappy:

If you get added by a user with this info DO NOT DEAL WITH THEM!!!

ID: 651652078611071026

Keep in mind that this person has nitro meaning they can change their tag whenever they want. This thread serves as another example of why you should always deal on-site so you don't get scammed by impersonators.

EDIT: Now he's Rolex.

EDIT2: The kid is pathetic lol

Anyone who deals through discord instead of onsite with a contract is not a smart person

This.

The thing is that I don't think that many members do deals on Discord, I do think that many scammers try contacting members to make deals on it tho ?
