Thread: [Regime-radio.info | New internet radio :P](#)

Hazelfox - August 12, 2010, 3:23 pm

So, me and my friend made this radio and we are running it almost 24/7
(we are using an old computer as a server, lol)

We play anything from Dubstep, RnB, Rap, Techno, Trance, Hits. Feel free to listen if you're bored or something.

(do not flame, please. i'll just ignore you. criticism is welcome)

Enjoy ?

Big update!

Yin has been added to our team, we are getting a great design to our website and we'll be shortly doing shoutcast radio setups :)
