The user sold me Ownership/Resell rights for \$500 BTC. I purchased this 3 months ago and everything was going fine until a user on HF contacted me asking for help with the method. He explained the method to me perfectly and I was shocked since I never sold him a copy and when I asked where he purchased the method from he told me Banana. As you can see in the pictured HF convo, the user stated he purchased the method from banana and has a contract with him. Stated in the contract that Banana and I have no copies or sales can be sold by him. Which he violated.

Our contract :

I think it would further help the argument to explain how this user even knew to contact you in the first place? I bet banana told him NOT to contact you or something hahaha

The guy was suspect for years, a recent warning sign of something like this happening was that bullshit they were trying to pull with Blazius. Sorry for your loss.

BubbleKush - April 23, 2020, 3:21 am

Sine when do you bought the ownership rights from him? If it's a long time ago there is a possibility he sold dozens of copies behind your back (not to mention offsite)

What a dirtbag, I didn't look much into details but what did he sell it to him for? And how is he selling it to other members? I'm curious if he's sending PM's to the members posting on your thread asking questions.

spiral - April 23, 2020, 2:44 pm

I guess nobody had the integrity to tell Instagram, just because Banana will have offered them a little discount on a method he shouldn't be selling. What a shitty person.

Some people have to learn the background on people when not to purchase certain methods on here.

He was upset I gave a vouch copy to someone that has 80 B-rating and not to him. Luckily I didn't gave him one as he was most likely going to start reselling

Much easier to ignore the thread until everyone forgets about it in 3-5 days.

Stanley - April 25, 2020, 5:30 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
