Thread: [Blocked from giving negative ratings?](#)

Lumination - April 23, 2020, 1:56 am

So some guy gave me a -1 rating never interacted with him so i try to give him one back and i can't i'm able to give him a positive but not a negative how is this possible? It gives me this "Your group is not allowed to give negative popularity ratings." I am able to neg rep anyone else just not him?

Worked out i could never neg rep must've dreamt it

L33t can not give negative ratings.

Lumination - April 23, 2020, 2:00 am

Yep just checked weird I was able to do neg rating a couple days ago

01001 - April 23, 2020, 2:01 am

That's because you can give positive and neutral popularity ratings only. To give negative ratings, you need to upgrade to Ub3r.

You can find all the features of both the user groups on the upgrade page:

<https://hackforums.net/upgrade.php>

Perileos - April 23, 2020, 2:02 am

L33T can only give +1 or a neutral rep and not a negative one although it does show -1.

That's not possible because as a L33t I was never able to hand out a negative. You can hand neutral reputations though. Ub3rs can give upto -3 reputations point. You need upgrade for that.

It was always like that. I've been L33t for 3 years and got Ub3r 3 days ago.

Quite possible; however, there is no official update (maybe it's a minor change that's what).

Not sure if you're self pitying or insulting. ?

BiggL - April 23, 2020, 2:16 am

ub3r is the group above that is able to leave -neg rep other than that you must have had a dream that you were browsing hf and left a negative rating..

Implying you're important enough for me to remember? ?

Without jokes, I can't recall. You could've PM'd me and I would've looked it over and if I felt like "hey this guy isn't too bad" I would have changed the -3, but now you're just clowning about.

Tons of work like making a thread about not being able to give negative reps..

"Hey Perileos, you gave me a -3, can you tell me why?"

"Hey Lumination, I do not remember but I will check why"

"Hey Lumination, I can't find it anymore, here is a +3 for that mistake"

Damn, so much work. ?

Why would I look it over? This thread in itself is enough proof that I feel my -3 was justified.

I wouldn't get too mad about receiving a neg rep. It used to matter once but all those days are left behind.

Astrogen - April 23, 2020, 2:27 am

You weren't able to give neg in the 1st place, only ubers can. Popularity means nothing these days, we have b-rating now.

verb

act in such a way as to have an effect on each other.

Like I said before, you posted something I didn't like your attitude in thus, indirectly you had effect on me.

Some people just give out negs man, you will only make it worse by complaining about it.

Why would I look through your posts? This thread just reinforces my -3 and I still do not owe you anything. I would have offered an explanation if you DM'd me, that is because I believe everyone deserves a second chance. However, you are now acting as you're entitled to an explanation.

It also makes it hard on new users luckily I have 1 b rating so normal rates don't matter but most sellers I've talked to wont give you a sale if you don't have any b ratings and if your normal rating is low

Sick - April 23, 2020, 2:41 am
