Update, Moms Boyfriend was very knowledgeable about how the bot works and explained briefly on how to use it, while using this for my recent homework answers I come to the conclusion that i'll be using this method often as somebody who is a college student. Giving how fast I was able to get a response, 30 seconds to a minute for an answer which is completely reasonable while other students were using this bot. As I did use it to finish a assignment, I did receive a 100% with all answers answered correctly. As I can say, it was very simple and easy to follow. Much worth the \$4/month or even \$19 lifetime.

(Apr 23, 2020 05:39 PM)HERMES Wrote: [\[CITE\]](#) I have got access to this flawless service, and WOW!

The second I got stuck on a locked answer, I was provided everything in the answer, pictures and all.

Process took only a couple of clicks and within seconds my answer was provided with immaculate results and details.

Out of all of the services I have used on HF - this one by far takes a trophy.

Smooth. To the point. Did exactly as needed with ease.

Signing up for lifetime as I type this! Thank you Moms Boyfriend.

Question. How long till the bot gives us an answer? I need to be cheating live, don't wanna wait forever.

And, including all subjects and unlimited responses?

Silvio Berlusconi - April 23, 2020, 8:05 am

vouch copy sir? I can do a review of your service :)

Take about 10 seconds to get an answer unless there is a queue (there rarely is). All subjects, unlimited responses for the duration of the package you choose!

Any question you find on Che-g-g will be unlocked in about 10 seconds, that's correct. The two available options are monthly for \$4 per month or lifetime (of the bot) for \$19.

Thanks for the conversation!

Get access to Che-g-g for life, for less than the cost of 1-month!

Bandi - April 25, 2020, 3:15 pm

Do you provide a guarantee on the life time package? That you can guarantee for your bot to work at least this many months/years.

I have no plans to discontinue the bot over the foreseeable future, as I use it myself daily. This is essentially a way to "share" my Che-g-g account with you all.

shreder - July 4, 2020, 5:23 pm

You should advertise this when it's NOT summer XD. You can see Che-g-g has a decline in visitors

during summer. GLWS

AppleWhelmer - July 27, 2020, 7:42 am

What's the difference between this and regular Che-g-g?

Stepdad - July 27, 2020, 9:07 am

(Jul 27, 2020 07:42 AM)AppleWhelmer Wrote: [\[CITE\]](#) What's the difference between this and regular Che-g-g?

A Che-g-g membership is \$15/mo, this is a bot that you can tag with a command and it will respond with the unblurred answer.

Stanley - July 28, 2020, 11:57 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Looks v nice, are you planning on limiting the amount of people in it? Ive seen some Che-g-g servers with 7k+ users which obviously get shut down very fast
