FETCH REWARDS - is an app that allows you to scan your receipts to receive points. It truly is as simple as it sounds --

What do you need to do this?

- A SMARTPHONE
- RECEIPTS FROM ANYWHERE!

- 1) You sign up
- 2) You press the camera button to scan receipts (use your moms expensive costco bill for more \$\$\$!)
- 3) Submit the photo and receive points
- 4) Collect your payment via amazon, visa gift card, target gift card . . . the list goes on.

Upon signing up (as long as you use a referral) you will make an immediate \$2 (which can be cashed out for a \$2 amazon / visa gift card). What you do is sign up, add my referral, then scan your receipts!

****They can't be older than 2 weeks**** ****You are limited to 20 receipts a week. Upon submitting 20 receipts you can get upwards of \$5-10 in rewards based on what you bought. 20 receipts is a lot****
****They CAN be anyone's receipt, doesn't need to be yours**** ****You cannot reuse receipts****

My referral is '9F7YN'.

If you use it, I thank you. If you don't, go make money scanning receipts regardless!!!

Hey el ninio,

A LOT of the brands they support I know are worldwide brands. So yes! It will accept you.
