Why can't you just walk to the kitchen? And yes having to use shifty soap sucks sorry bud

Astrogen - April 24, 2020, 3:04 am

Yeah, you are supposed to be the one cooking for yourself, nothing wrong with that one. This seems like an lq thread tbh.

Haha. I laughed reading this. Laziness lingering around everywhere. Your parents are teaching you to live without a girlfriend. That's why they make you wash the dishes.

Should we call you Cinderella?

My girlfriend should be ok with it. She calls me Cinderella at times too. I just finished washing plates for my whole family too. Somewhat love doing it.
