yeah man its not just a hobby though. its also my passion and perhaps a plan to make some \$\$.
however eventual things will be on sell for real cash wont impact the gameplay (so you cant become stronger with dollars)

Lynx - April 24, 2020, 3:29 pm

Once it will be a bit more advanced you can plan to start a kickstarter to start marketing it and maybe get some money from it.

Is it really a MMORPG though ? When I look at the last picture it reminds me more of a Godgame than a MMORPG, i'd like to know what kind of gameplay you have in mind

BooGod - April 25, 2020, 4:03 am

I'm trying to make an MMORPG game as well, your work is sick, your progress is higher than man, you're coding it on what platform?

Redwall - April 25, 2020, 4:11 am

† S A V A G E † - April 25, 2020, 5:39 am

In my opinion you should make an easier game than an MMO but good luck with it ?

Jam1e - April 25, 2020, 6:44 am

It's looking good so far!

Can you tell us a little about how you're building it?
