Thanks for contest!

Just the sort of post I was looking for, thanks for kicking it off!

How fast was the car going, any lasting damage?

That's cool man. Do you use them for hunting/work or just domestic? I occasionally go ferreting with my partners brother, all good fun!

SaintJimmy - April 27, 2020, 9:46 am

Just left you a +3. Thanks for hosting this giveaway man. Here's a fun fact about me:

I've never taken a selfie. I just cringe when I see people taking selfies, especially those mirror selfies. I'd rather someone take a photo of me.

Nope my friend. I have my friends take portrait shots of me though. I've taken selfies only not delete them for being terrible. Portraits kind of work for me.

I hear you man. I used to be the same, then one day I found that 1 good angle... and ever since I weep for my followers.

Haha! I feel you man. I've a lot of friends who've a good grasp on angles. I never see them clicking with rear camera, not even once. They are big on using snapchat filters though.

I guess you need to amend the date here: This contest will close sometime on 14.04.2020.

Anyway this is my entry. Will +Pop you during my second post.

Random fact: I just joined HF this month. And I have met all kinds of people. This OP is the first to ask me to include "the word hidden below" in my post.

Present - April 27, 2020, 12:39 pm

Left a +1 and posting to enter now.

Weird fact: I didn't jerk off until I was in 10th grade (15 years old).

The word hidden below...

Spoiler [\(Click to View\)](#) I lost my job once because I went to work high on meth one too many times. I went home and was kicked out so I lived in my car for a while and had the best and worst days of my life. Was high on meth and weed all day, everyday. Saw a hitman take a job, saw a murderer get away with it (not the same guy as the hitman), got my car stolen by a tweaker whose family got mad at ME for HIM stealing my car (wtf?), etc. Man, my whole life is a fucking movie.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Random fact: The Director of Engineering of Google (Ray Kurzweil) believes that by the year 2029 we will be able to merge with artificial intelligence by connecting a nano-bot through our dendrites and axons (neuro synapses) controlling our minds and bodies with a chip that connects to a cloud network and we will achieve immortality and the next level of human evolution that is inevitable. He also takes over 300 vitamins and supplements per day and has for over 10 years because he is determined to make it to what they call a, "Singularity".

Blogger - May 10, 2020, 5:08 pm

I lived in my car for a while because I got addicted to meth and my parents kicked me out of their

house. The people I stayed with did drugs too and some were doing "hits" to support their habit. I lent my car out to a guy that was doing a hit because he cut me in(drugs, not money). The word hidden below...
