Thread: [OSRS Goldfarming Mentorship | \\$1000+ Monthly Income | Longterm Earnings](#)

shredder - April 27, 2020, 10:28 am

Not here to sell you a guide, this is a mentorship spoonfeed where I can get you up and goldfarming setup in 5 minutes flat.

I run my own goldfarm, you'll be joining me as my student. Almost like a partner, you will spoonfed at first and then I will feed you knowledge so you can go even further beyond.

You will be able to:

Earn consistent GP which can exceed \$20-30+ a day.

Spoonfed tools & scripts.

Knowledge. "Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime."

Data, that I collected which is honestly extremely lucrative. As it teaches me ways around Jagex.

Goldfarm SAME DAY!

Pricing Information:

I will only mentor a limited amount per month of 10 users MAX for \$250/month. The reason why this price is so high. Is mainly because I'm not providing you a guide and then saying alright see you later. I am actively mentoring you in my group and providing you all the tools you need to make this happen. If you did exactly what I told you, your farm can be up with in 5 minutes not even joking. And another reason for the high price is the data, I have collected has gotten me to where I am now. This data that I've compiled allows me to skirt around Jagex, it's literally a gold mine. After your month is up, you can stay with me but usually by then you'll know enough to go off on your own. This is hard work and requires a lot of dedication, if you're not willing to put in effort to make good money don't even bother.

PRICE CHANGE FROM \$500 to \$250

ONLY 9 SLOTS REMAINING!

Feel free to post here or PM if you have any questions.

There will be NO vouch copy, the data I provide is highly lucrative and is very competitive to have.

FAQ:

Spoiler ([Click to View](#))

-Investments are necessary... \$50~ dollars on top of Mentorship fee's.

-More investment & more effort = more money. There is honestly no limits to your earnings.

Shreder,

being a goldfarmer many years ago, I know many things have changed. Because of this, I have a couple of questions:

- What will you provide? Any / all the tools that you use to expedite goldfarming?
- What is the investment needed for the goldfarming itself? Is it p2p? At what rate do you get banned?
- minimum pc specs needed / how many clients (I want to know how many to turn a good profit)

Investment can be scripts, dedicated servers, membership etc. Banrate is high.

Honestly more powerful the pc the more clients you can run in turn more profit. If you want to start off small you can but it's recommended to have a system that can run more than 10.

Shoot me a Pm or Answer here, Link me any proof that you are a massive gold seller or any vouch that directly point to you trading a decent amount of GP!

If you can VC me on discord and let me look at the bot farm running or something similar. You have a new student xD

Edit : Had a quick video call with the OP, He showed me the bots running and talked a little about what he has to offer and why I must prefer his mentorship over other ebooks and I must say it looks promising! GLWS mate. Hopefully will buy this myself soon

So these are pretty much f2p bots then or do you run some of them p2p?

~HF~ - April 28, 2020, 12:50 pm

Great mentorship. Really knows his stuff and has a great setup. Roughly making \$10 a day after just 1 day setup and I can scale it as much as I want. Me and him have already improved on the method and he coded the changes into his scripts to increase profits. You do need to put in an hour of work for setup and around an hour daily to get this amount.

shreder - April 28, 2020, 12:57 pm

Closing Mentorship indefinitely.

Edit -

Reopening mentorship.

Info - I've lowered the price from \$500 to a more realistic \$250, mainly due to the fact that it is a huge investment straight off the bat. And Although you can get started quickly, the getting it down phase may take time.

Feel free to Convo me if there is any questions

Redskins - July 5, 2020, 1:42 pm

is this viable for someone who has a good chunk to invest and a good pc but little game knowledge?
if so how much time is needed?

Sent you a PM in regards to your questions and concerns. But for others sake reading this typically more game knowledge the easier to understand what you're doing and time needed per day is 1-2 hours.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
