Does anyone know if there is a place where I can hire someone to run ess running slaves for me? I know of the legit Ess runners that want to charge 8.5m/hr at fire altar but I was wondering if there was a cheaper alternative? Thanks for any info you may have!

I can maybe do this for you. Pm me with more info e.g. how many bots, how long you need this etc.

I could probably code a script for you to do this but it would be a little pricey just due to the fact its 100% private

Try go on syt** and ask to see if some can create a bot, it may cost a decent amount but you could make it back pretty quickly

You should try to code a bot or look for a privately coded bot, I swear those would be useful because I mean there's so many money to be made along with easy ex.
