Thread: [\[CS:GO\] Anyone know of a csgo cheat that bypasses AKROS Anticheat.](#)

Wallhacks - April 28, 2020, 12:09 am

Looking to find a cheat to bypass akros anticheat, I'm not looking to pay for a massive private cheat.

Akros is the only main anticheat I need bypassed, any thoughts on this being done?

Kind Regards.

There is a cheat atm that bypasses afaik, and obviously you can't go wrong with a private. if u want more info pm me cuz currently im also looking at getting around akros

:D

Ye, I've already been chatting to @Menalix about akros.
Just unsure of a bypass.

JW1337 - April 28, 2020, 11:02 am

Menalix has a bypass for it but isn't sure if he will sell it, he mentions it in one of the recent Pre-Sale Questions threads on the hexui forums.

Ye I won't because it will be patched quite instantly. It's very simple, anyone can do it with any external cheat.

It would be patched instantly :>
Thats the sad part about it being so simple aha
