Thread: [VP Mike Pence visits coronavirus patients without mask.](#)

Mr Kewl - April 28, 2020, 11:19 pm

I honestly cannot believe Mike Pence is leading the coronavirus task force and is in charge of keeping people safe.

All the more evidence this administration is inept dealing with pandemic. They don't get it.

This is one of the dumbest things I've seen in the last 2 days.

Pence like Trump believe they are invincible and cannot contact anything.

This is a serious case of Do As I Say Not As I Do. HYPOCRITES.

Mike Pence is gonna be a scape goat of the whole coronavirus failure in USA. Like people were predicting.

Mike Pence won't be VP the next term and get a new VP Candidate.

I can't believe people don't believe science, it'll be just sad if he contracts the virus.

American politics in a nutshell. Can't believe that there are still idiots who vote for him. So sad

While I have no doubt this will make an interesting conversation, your thread is posted in the wrong sub-forum.

Boris Johnson also did the same thing and got screwed over.

Yup, exactly

Just give it 2 weeks. He'll be out in the news where he is down with COVID. I can't believe how stubborn people are.

MrJamesDean - April 29, 2020, 5:06 am

That was a really stupid thing to do, and only fuels more of the "it's not real, look at how they react" conspiracies.

He got strong immune system that's why he is not wearing a mask. Seriously I have no idea what I did just watched but it won't hurt to wear a mask and speak through it at the same time, like it's not that hard at all to speak through a mask.
