Our booking office had three phones. One day during lunch, I was responsible for answering all of them. It was a constant repeat of "May I help you?" or "Will you hold?" I guess I got confused because I surprised one man on the other end of the line when I answered his call with, "May I hold you?"

Quote:All of the planets, except for Earth, were named after Greek and Roman gods and goddesses. The name Earth is an English/German name which simply means the ground. It comes from the Old English words 'eor(th)e' and 'ertha'. In German, it is 'erde'.
