Thread: [Robinhood Earnings \(\\$12K In One Day\)](#)

IBotnet - April 29, 2020, 4:59 pm

Hello All,

It's been awhile since my last thread but have moved on to bigger and better things. That said, we all know the stock market recently crashed so I moved \$3000 to Robinhood to invest in the stock market. A good friend of mine taught me how to Options Trade and how to can leverage a small amount of money and have huge gains.

Below are some of my single day gains. I've gone from \$3000 to over \$17000 since March 1st. I made \$12K in just one day of trading, transferred \$7500 to my bank, then am back up to \$12K in just another week.

I'd like to get a group together eventually and teach some people what I've learned and also tips on stocks to trade in real time. PM me for more info or if you're considering getting into the market. ?

That's awesome nice job! Do you research the companies heavily before investing?

Zoomers - April 29, 2020, 9:21 pm

Great job man. Do you do any long term investing or are you just going for the balling options?

Stork - April 29, 2020, 9:25 pm

Nice buddy I'll give you a shout!

??\$??? - April 29, 2020, 11:03 pm

WRX - April 29, 2020, 11:05 pm

Very nice calls! I wish I had the balls to make calls like that. I play it super safe in the market.

omy11 - April 29, 2020, 11:08 pm

This is insane.

I myself wanted to get into the stock market when i saw it crash but i was hesitant and i paid the price for that now.

Lindros - April 30, 2020, 1:16 am

I'm glad for your success, careful these type of gains are impossible to sustain for the long term.

My Mind - April 30, 2020, 1:18 am

This gives me motivation to start my investing journey. Nice work OP

a11s - April 30, 2020, 1:53 am

I'm jealous, but in a good way. (The one that makes you want to get up and start earning)

Congratz, those are some insane profits.

You really took advantage of this pandemic, haha.

porschedesig - April 30, 2020, 3:07 am

good to see that you have tesla tho :)

nice earnings

90210 - April 30, 2020, 10:51 am

Congratulations on the gains! It takes a strong stomach to trade short-term options and I'm glad your boldness is paying off!

Alvno - April 30, 2020, 10:54 am

That's amazing earnings. I've been looking at getting into investing but lack the knowledge on where to start. I'll be starting a factory job for the next four months that pays great so I'd be interested in learning!

funtela - April 30, 2020, 10:54 am

That's incredible dude congrats! I'd love to learn a few tips and tricks from you

restock33 - April 30, 2020, 4:26 pm

opsplayer - May 1, 2020, 12:20 am

Nice gains, seen a couple groups on telegram posting robinhood referrals to gain money quick but seemed like a scam. Might get into this.

annonbacca - May 1, 2020, 4:18 am

Go bold, buy dips and do not be afraid, its a bull market out there just need to go out and sieze it.

Moneymachine - May 1, 2020, 8:02 am

I see that your profits are something I would love to have but rather than being jelous of your earnings, I'm happy for your abundance and you're more than worthy of these earnings! :) Good job

Darkwin - May 1, 2020, 4:40 pm

Even in the RED market, you can still make shit ton of money. Let me know if you have any questions, buddy.

Roytoy - May 7, 2020, 2:35 pm

I thought the stock market trading game was a long term profit thing. Didn't know you can make that much money in 1 day. I wonder how much your investment was.

Blogger - May 7, 2020, 3:53 pm

That's really cool. Congratulations. I'm shocked a lot of people are not only using Robinhood, but making a shit ton of cash with them.

Lios - May 7, 2020, 3:59 pm

I've always wanted to get into options and trading with leveraging, hear its kinda like gambling though

Digital game payments - May 9, 2020, 3:53 am

Gz on the TSLA lol. It's a crazy stock with a crazy owner.

Hero - May 9, 2020, 4:05 am

I hate the fact that robinhood is not available in germany. Any other site sucks. Maybe trading212 is nice, but its been a week and im still not ID verified with no answer from support at all.

TheHelp - May 9, 2020, 4:13 am

I am seriously considering leveraging my credit cards to margin trade.

I had the same issue back 6 months ago, settled with Revolut Trading for now.

OP, impressive success right there with such a short time frame. I'm part-time DCAing right now but can't wait to liquidate my cryptos and try the big league with leveraging.

Blogger - November 18, 2020, 1:56 pm

I started officially investing on Robinhood today(about an hour ago lol) and this thread gives me life. OP, are you still on Robinhood, making money? Any other stocks you'd recommend buying or staying away from?

jbpas - November 19, 2020, 2:21 am

So, I assume you're working leveraged?

Do you work with futures?

Grim - November 20, 2020, 2:10 pm

still getting into options trading but if you do it wrong you can still lose alot

Kabir - November 24, 2020, 1:04 am

amazing mind blowing steal good luck for future...

Bullup - November 24, 2020, 4:49 am

Wow thats an amazing job you have done there.

IBotnet - December 26, 2020, 1:32 pm

Thanks for all the replies. I am now over 6 figures on Robinhood and am at \$150k balance.

Options trading is my trick that has gotten me to this level. Whoever is interested, I may be setting up some type of mentorship service where I teach 4-5 people tops how to options trade and show you the plays to make.

Stay tuned.

Wow that's almost sounds easy, but I am sure it is not, shame Robinhood is not available in my country.

Congrats OP and well done!

PLZ GRIM NEVER QUOTE A POST LIKE THAT AGAIN LMAO

Tjm - January 2, 2021, 12:13 pm

Damn man that's sweet. I don't invest enough to have crazy profit. First year doing it with no knowledge, still up about 50% this year subtracting the free stocks. My problem is short selling and not holding them. Had a few that went through the roof once I got rid of it. Had some Snapchat stock when they were \$10 a piece...now they're \$50 a piece. I only ever am investing maybe \$400 between crypto and stocks.

Zimhoni - January 7, 2021, 3:07 pm

I wish I could use this app in my Country lol, nice earnings btw
