Thread: [Rolex Gold Impersonator on Discord - Exchanger Impersonator](#)

This is a friendly reminder to ALWAYS use contracts and confirm who you're dealing with via HF.

Someone just added me on Discord claiming to be this member:

<https://hackforums.net/member.php?action=profile&uid=3627322>

He linked me to that members thread with his Discord username in it. He was using a special character to have the same Discord username as the real Rolex, so it was pretty believable (if I wasn't someone that follows the rules to use contracts).

Here's some screenshots I got, he started to delete messages as soon as I called him out so I couldn't get everything.

Stay safe everyone! Fuck scammers.

If you just deal on-site with verify secret could be simple problem solver.
