Big facts. I don't use a starter cut in my lottery plus it's accessible for everyone. Trying it out and it has good support so far.

always do 0-10% starters... greedy hognogger

Gonna use the starter cut for future lotteries. I can't host regular lotteries being constantly at loss. If there are not many participants I may I halt the daily ones.
Thanks for everyone for supporting! You can support just by posting.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
