Member broke ToS and opened dispute prior to completing setup and not earning within a week. Untrustworthy user. DEAL WITH CAUTION.

Who unlocked this thread for me??

Hi BossUp, back to your old ways again I guess? Why do you think it is acceptable to open a dispute in retaliation of someone disputing one of your shite methods? Pathetic, when is your partner going to come on your HF account and refund the guy?

BossUp is like another, light version of Yert. I am in the right and everyone else is wrong, a liar and scammer! Haha hilarious.

Disputes are opened when a member fails to abide by simple TOS. My methods offer full refunds but they can only be acquired if the members hasn't earned within 1 week of setup. All my deals are contracted and I have a TON of happy/thankful customers. Idiots like you blow rare occurrences out of proportion.

Your dispute history speaks wonders.

So now he's broken your TOS, but on his dispute you clearly agreed you/your partner was the issue. Grow the fuck up and refund the guy like you said he would, and realize you cannot just open a dispute against someone because someone hurt your bipolar ass by disputing your shitty fucking methods.

Are you obsessed with me? It's kind of cute tbh. I think I'd rather stick to my TOS then listen to your opinion that nobody asked for. Thanks bud.

Why would I be obsessed with you, cute that you think you are that important. I would do the same against any user that takes advantage of users, by lying repeatedly about your shitty methods, and then abusing the contract system by making false disputes. But yeah if it makes you feel better, I am totally obsessed with a scammer!!!

Where are you getting this assumption from LMAO? I have customers earning as we speak. You're delusional.
