Thread: [Kim Jong Un makes first public appearance in 20 days](#)

maryous - May 1, 2020, 8:47 pm

KCNA news agency reports that the North Korean leader cut the ribbon at the opening of a fertiliser factory.

It's just their media so far, nothing confirmed by other sources.

5 minutes of silence for those who thought he has dead, even after all the statements issued the South Korean officials that that Jong was alive and kicking. He's a stubborn man and not going anywhere soon.

The guy is a pig, rumor has it he is hid out with a bunch of underage girls as his sex slaves.

I mean, he can do whatever he wants. It's the fucking idiot North Koreans allowing him too. This is why you don't give up your gun rights folks..

Nigga just rose from the Dead. Ladies and gentleman, I present you " Jesus 2.0". He will sacrifice you for your sins not himself.

"The report said Kim, who is married, preferred virgins because he believed he would absorb the girls' "ki," or life-force, if he had sex with them." hahah this is unreal... he and the pope would make great friends.

Nothing can kill evil...I was actually hoping that he would have kicked the bucket just to see what that would result in.

I knew he wasn't dead. I said it before. Glad that he is still alive, even though he ruins the lives of so many NK families.

faxxgrid - May 4, 2020, 3:02 am

Some things have been said about this fellow (North Korean leader) including unsubstantiated comments. I cannot help but laugh at views expressed. If wishes were horses beggars would ride

I doubt it. He's a right fat lardarse. He'll have a heart attack at some point like his father. He's hardly a picture of health, assuming he is alive.

Genuinely curious lol, why are you glad he is still alive? Is his sister worse than him or something?

He seems to be more open to america and has arranged meetings with trump. His sister on the other hand is really unpredictable. Experts also said that she might or is more radical than him.

Jesus lol. I can believe it. Women in crazy circumstances come out really terrible sometimes.

Although I bet there are plenty of other people who would fight her for power in the Kim Regime.

NewRulez - May 4, 2020, 7:02 pm
