Title: How to get bulk RS Memberships for FREE.

Author: Filo^

Pages: 3.

Description: It does involve a website, the amount of Pins you can get will depend on their stocks. They usually have 100 when they restock.

Payment Options: Paypal only.

Copies Available: 3.

Review Copies Available: None.

Resale Rights: \$200.

Price: \$50.

The stocks will vary and there's no certain time on when will the website restock all I know that they restocked couple of days ago and none left now. The price is decent, as I don't want my method to get leaked. You will also need to have a paypal account(2). _____

FREEBIE

I have not officially tested this method, so don't blame me if it wont work. UK only.

It could be an "Obtaining RS Pins" or "Getting money on onebip, thrice than what you've paid for" and you can use this to buy ie. bots

You need to invest but the profit is huge, if it works.

PM me for the guide (l33t and Ub3rs only).

Please don't bother PM'ing me if you're not from the UK.

Have you tested your method yet? Any proof of the results etc or have you also not tested your method. This is not worth anywhere close to \$50 unless you can get an official reviewer to post back a review to help convince people.

If I give a one copy for review that's one person that will know the method and it'll not be fair to those who paid for it, I hope you know what I'm trying to say.
