Are you tired of eBooks that promise you earnings & winnings that are just not achievable or doable?

I've found a such a easy method to make real & easy money on amazon.

I can't say much about it since it would leak the method but once you are set up you can basically repeat the method whenever you need money. It's whitehat, maybe greyhat but if you don't go into the 5 figures it will be fine.

Don't get me wrong, it's not a method or a scheme to get 1000\$ a day but you will earn a profit marge of around 20-30% everytime you repeat this method. You can realistically earn around 30-60\$ a time doing this method!

I've had a couple of customers already and they all liked the method! It's so smart that nobody thinks about that. Be quick and grab a copy, you will guaranteed make the money back if you try the method out!

I made 150\$ profit on those 6 sales without having any costs!

It has nothing to do with dropshipping, affiliate marketing, eWhoring, finding real customers or traffic , nothing with creating your own website/landing page it is just such a easy and quick method that nobody thinks about!

If you got further questions, don't hesitate to contact me via private message!

IMPORTANT : this method cannot be done in my country and therefore I cannot prove that it works 100% but I will do an evaluation anyway

GUIDE: 8/10

ENGLISH ENOUGH FLUENT AND UNDERSTANDABLE, A SMALL DETAIL IS MISSING BUT IF YOU ARE ASKING THE SELLER WILL KNOW IT TO HELP

SUPPORT: 10/10

THE SELLER is very nice and helps you whenever you need it and is a very good guy

METHOD 7/10

the method is simple but requires enough time, moreover a substantial investment is needed

Thank you for your review! :-)

And, yes indeed there is a initially investment needed. But you will receive your investment back everytime you do this method.

The method does work for EU, USA and many more.

I'll give you a vouch copy! :-) I'll open a contract

Sounds good ?

Guide:

Method is very straight forward, gets straight into it, no time wasted.

Very easy to understand and you should have little to no questions.

I will personally be trying this method out myself and be experimenting with it, I see lots of potential.

Method:

Yes, you do need some time and investment but you gotta spend money to make money, there's no such thing as free money. The more money you invest in this method the more you will make, I recommend you having some \$ ready and some time. Once it is setup tho, it takes very little time.

Support:

User responds very quick, even gives me some details before I even ask. Answers questions fast and is very friendly. I see no problem with support and for 10€ I don't see a reason to not buy it.

Like I said, I will be testing this method out now and will be posting results once completed.

Purse.io? Crypto ?

Social media?

Talk/chat with anyone?

Need to create a website or landing page?

Hello! The method has nothing to do with purse.io, social media or having to talk/chat with anyone else. You also don't need to create a website/landing page or something similar. Regarding crypto you should have a wallet and thats it.

If you gut further questions go ahead and write me a private message.

Purchased this and read through it. So I was already setting up a way of earning via Amazon. This method however adds another way for me to do so.

It does require investment, but it's a really good way to make some money. As OP says, you won't make thousands a day, but you will make enough with not a lot of effort required after the initial set up.

A few questions:

- How much of a initial investment is needed to make 60\$/day (ballpark number)
- How much time per day is needed to make 60\$/day?
- Does this impact your Amazon account in anyway? I sell on Amazon already, which makes way more than 60\$/day. Can this method ban me in anyway?

Thanks.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

Does this require selling some good/ service that you get from amazon for free? Trying to understand the basic idea of what is being sold, and where. Thanks!

You don't sell any goods that you receive for free.

Is there any chance I can receive a vouch copy of this to review for you? I will leave a detailed review.

Hey there, i unfortunately already gave 2 vouch copys away and also sold it a to a hand full of people. All people liked it so far so at the current state i am not in a need of another free couch copy.

But if you are really interested then send me a private message and we can maybe figure something out.

Purchased this method from his other thread: <https://hackforums.net/showthread.php?tid=6075516>

But that thread is locked lol ?

Gotta say that OP misses out on giving out essential information in the sales thread.

You must be in a country listed on Amazon Seller and will require a respective valid ID, address, and a phone number to set things up. Unfortunately, I was not aware of this while purchasing and hence am unable to set it up. I was told that If you have access to amazon, the method should work for you.

Moreover, the investment part is a bit tricky and unreliable as well.

The user mentions that the method is whitehat, but its against the amazon's policies and code of conduct.

And lastly your first payout will be held for like a month.

Despite all that, this method has potential to make you some money atleast. Since I can't set it up, I can't comment on how frequently you can do this without getting into any trouble.
