Doing a AMA after my short ban on HF for breaking one of the forum rules

Bit of information about myself:

Im 18 since 2 months ago and average an income of 5K+ on ewhoring each month, Besides that im a decent swing trader focussing on the crypto markets

AMA

Ps: No im not selling a course or something and im not planning to do so, Im not your ebook whore selling non profitable methods

humanbody - May 4, 2020, 8:24 am

You should open this thread in Bragging Rights not in here ma dude. Anyway congratz on your earnings!

How hard is to fool some sugar daddies?

If someone tells me they are a sugar daddy I block them instantly most of the time "Hey girl im a sugar daddy, looking for some money?" is an instant red flag for me.

When doing manual ewhoring its quite easy, they wanna talk to a real girl so give them that feeling

Aedan_ - May 4, 2020, 8:28 am

What do you think is the easiest app to ewhore on? What are the best traffic sources? What do you sell when you are on your preferred app, is it the pictures and videos or the experience ex. talking to them?

the easiest app to ewhore on is the one that everyone uses, the best traffic source is where no other ewhore is

I sell them pics/videos, a premium snapchat etc... I dont sell muh special that others dont sell

Is your ewhoring automated or do you need to look at dicks all day?

I automated most of it and am mostly bussy atm with making it 100% automated

I still spent 2-4 hours a day talking however I barely see a dick maybe once or twice a month

Very nice man! Automated is the way to go i made some good money back in the day but i got kinda lazy and started to do other things. Do you have any experience with stocks? or just cryptos

shitmaster - May 4, 2020, 8:41 am

I started e-whoring recently and haven't made a buck. I guess I suck at being a fake girl. I will be grateful for any tips.

Edit: Thanks [mention=3583467] for the 100 Bytes bonus after posting this.

I do with a limited portfolio value

ATM mostly testing out how I can adapt my strats to the stonks market

When the SPY & others hit my bottom goal, ill be moving a ton of my assets to the stonks markets tho

What is your main source of traffic?

1eye - May 5, 2020, 8:36 am

I use the same as everyone else + some others that are less popular

Also asking questions like this is btw rude, this is like asking a goldminder that found gold "where did you mine it?"

Are you actually a gambling addict who funds their addiction by scamming horny men online?

Plenty of people on this forum do i would imagine ?

hollic - May 6, 2020, 2:16 pm

Do you ever feel bad or guilty about what you do? Not intended in a bad way, just a genuine question.

You most likely are asking this for the crypto part I guess? But no, I rarely ever gamble and focus on long term growth

Its not really a scam unless you do meetups (which I don't do)
Also if I don't pull them in to buy from a fake girl another ewhore will do it

Do you run the income through a company and pay taxes on it? What do you describe the business as?

nice try FBI

Ive got way nr 1, very good conversion rate no taxes and I only lose 5%
way nr 2 is with the goverment involved where I lose a good 20-25% of my profits

So, for the record, you are admitting to not paying taxes on all of your income? Please, step forward and speak into the microphone.

I Did Not Have Sexual Relations With That Woman

contrive - May 7, 2020, 2:16 pm

Congrats, wish you every success moving forward, glad you're automating as well!

nice work, i was thinking about trying ewhoring but it makes me cringe every time I think of it, but seeing the money people make.. Think I am gonna give it a try

there are many ways besides selling a product in ewhoring that can make you money but yea its cringy if you think about it

but its mostly kids that are try hards or spam everywhere that make ewhoring such a bad rep. It can be a secure source of income if you plan everything well

(May 8, 2020 04:37 PM)Scottyj01 Wrote: [\[CITE\]](#) This makes me doubt your earnings.
I don't work the same way as most people in the ewhoring sector do

most kids hop on kik or snapchat, farm traffic from places where everyone is just looking for a hot chick trying to get a free nude or 2. Some also have a kink for anoying girls online
but its ok to doubt my earnings tho

always made me laugh seeing a profile of a girl that says she is 20 and the girl is clearly mid-age, and the profile says "very horny looking for lots of fun"

"send me a giftcard"

"selling underwear"

etc etc

How can you automate things, i am earning myself quite a decent amount monthly, though i can't automate it. I make everyone pay me by direct messaging me.

Would love to know your ways.

everything that i manual work and does not need human input can be automated

for example I have a shop where they can pay for acces to 100 nudes, I simply bot LQ traffic to that shop with a script I wrote

Like that traffic is horrible but 1 sale each day is what I atleast get, the script uploads my info to round 50 sites. I wouldnt wanna talk to those guys since you will only get dickpics but its great for me
