Thread: [REPLY Professional Developer For Hire // Cheap Programming Service](#)

Infamia - May 5, 2020, 6:16 am

Hello HF Community,

I am here to offer a professional development service for fulfilling any ideas and/or projects that you may have.

I have been programming professionally for over seven years now,
And have experience working with a variety of languages including Python 2.7/3.x, C/C++, Rust, Golang, PHP, Elixir, SQL, x86{-64} assembly and Lisp.

In the past I've developed efficient, small-scale HTTP webserver for embedded devices, social media turbos/boosters, large-scale Discord bots, CNC user distribution systems, etc..

I would be more than happy to consider any requests which you may have in mind in order to determine their parameters, prices and timeframes.

The Terms Of Service can be found [here](#).

Acceptable payment methods include PayPal, BTC or ETH.

Feel free to send me any questions and/or ideas that you may have.
