Will this get my Playstation banned? Can i transfer games to my main account?

Initial - May 5, 2020, 5:44 pm

(May 5, 2020 05:37 PM)DeadBit Wrote: [\[CITE\]](#) Will this get my Playstation banned? Can i transfer games to my main account?

No, your playstation cannot be banned.

Advantages

You can play all the new released titles at a very cheap price.

You can earn trophies in your main account.

You can now buy PS Plus account and gain full multiplayer ps plus features.

If you buy a titled game you can get amazing deals.

Works for a lifetime if your PS4 is offline.

Disadvantages

There is no way to know when the account will stop working ...the way to solve this issue is playing solely offline. Offline Gamers can expect years to a lifetime of access to the games you purchased. Online gamer are looking at potentially 2-3 month life-span , there is no way to be sure, some online gamer's have had their account working for years, and some just for a few months.

FOR OFFLINE GAMERS-

Keep ps4 offline after downloading game.

if you use lan cable then simply unplug and if you use wifi then you should change wifi password so ps4 cant connect automatically.

FOR ONLINE GAMERS-

1)For those who decided to play online then please remember to only play the games from your own account.

2)Sometimes the lock can come when you update your ps4 or force shutdown to fix this you have

to login to our user and then activate and restore licence this will the fix lock.

Im intersted in TLOU II. Curious how this works. I do play my ps4 online with other games, but I can just turn off the internet when I play this game? Or it's gone as soon as I turn my ps4 online at all?

If you want no risk to lose the games that u purchased from me then disconnect your ps4 from wifi. If you decide to play online then you can potentially lose the game.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump.
