If you were involved with them in regards to any kind of transaction i don't think id be boasting about your affiliation on here.

They were really famous in some other forums and I was admiring them (didn't knew they are involved in such BH stuff)

The only reason why I admired them is because they had a lot of donations on their profiles and had 20-30 000€ in credits (credits are used to buy awards, stickies etc)

Sadly not. Feds went after crackers. I wonder who they are gonna chase now. My bets are:

-The refunders

-The e-whorers

Actually he is not posting. Since those arrests happened, he is rarely online and other mods do the

staff work. I see him online now but if he is arrested it could be feds exploring right now. I tried convincing people that cracking is a scam but they were all thinking it's something legal lmao

What forums would those be, asking for a friend ofcourse.

Exalted - May 6, 2020, 7:48 am

The only thing they have to worry about now is not to drop the soap.

Sad to see them caught, though.

Almonds - May 6, 2020, 8:23 am

Shame, I've done business with them. Hope they have good lawyers, the jig is up. I bet they didn't see it coming at all, inf. black was discontinued a long time ago.

4dik - May 6, 2020, 8:23 am

Bro if they get researched for all their crimes, I can easily see them getting them 20 years + for sure

Another group filled with people too young to understand the magnitude of their actions.

They were bound to fail from the beginning, they had all the tell tale signs: 1. They were young 2. They profited from other people's work 3. They thought they were untouchable / were super edgy/cringe online

Now it will be interesting to see who rolls on each other first in hopes of getting a good deal.

If they were a little bit smarter, they would have hired some gypsies to do the cashouts for them, not going to do it themselves

I'm also curious if they are going to co-operate to the Police (I asume they will) and get their partners locked too. Interesting days are coming

From the other side I feel bad for these guys, they were criminals but they had good hearts.
Th3n3r0x coffered the tumour treatment for a member of the community whose parents died several months ago (there was plenty of proofs)

You can fuck with whoever you wish- just don't be greedy and pay to the proper people. They skipped this and got rekt

Joel - May 6, 2020, 8:41 am

I was also talking to one of their members and they stopped responding for a week. I was so confused then I got in touch with some other people and they sent me the photo of him in cuffs. I was beyond shocked.

He was such a friendly guy and gave me tips for the Gym. I guess they all did a lot of illegal stuff, far more than I knew about

/* FOR THE FBI READING THIS I AM NOT INVOLVED IN ANYTHING */

In case of an investigation by any federal entity or similar, I do not have any involvement with this group or with the people in it, I do not know how I am here, probably added by a thrid party, I do not support any actions by the member of this group.
