Is that you ? Or who are you then ?

shitmaster - May 9, 2020, 6:44 am

I am new here. I don't know who that is. Nice be though. Black shadow.

bluud - May 9, 2020, 6:45 am

I'm new here, but how do you know him from a "few years back" when you only joined last year?

Exalted - May 9, 2020, 9:08 am

Looking at [Black Shadow](#) his profile, it seems that he was a Bitcoin gambling addict. He's probably somewhere begging for money or in a ditch.

I remember him embarrassing himself and eventually got banned. Not sure what caused it. I know he sold scripts for a good amount for sites like prime dice that would make no money. He made a test account public once so we could all see how well they worked. He lost a lot of money. Quit and "fixed his script because he knew the problem". Came back with another test account and bombed again. Hf lit his butt up. I was away for a while and he was banned when i got back.

Br?dley - May 9, 2020, 6:12 pm

Was definitely a HF icon, I asked this question in a thread the other day, you may have decided to make a thread after seeing what I asked.

The guy was a HF legend. Was around a long time. I do remember him and always wondered where he got too.

Thank you for these quality updates. Selling scripts that run true money is a very hostile environment as it paces more liability that many should be willing to consume on the seller

I don't know, but glad that drama is in the past.
