Hello all!

This method is a complete goldmine. Here's a quick summary:

You will physically be writing letters to one address. When they receive them, you will get money credited to you on an online account which you will redeem to your bank or Skrill account. Yes it's that simple.

Investment required: \$30. Every hour you put in writing these letters returns about \$175 profit.

I provide full mentorship. You will get a full refund if you have tried the method and have not seen profit.

Other: It can take up to a month to receive credit on your account after mailing. You need to be patient, but you will be making huge profits with minimal effort.

This method can get oversaturated, but shouldn't anytime soon.

The first copy will be \$300 and I will increase the price by \$200 every copy sold.

I've made over \$15,000 doing this in the past few months, and decided to join this site to sell the method.

Update: People are accusing me of selling someone else's method. Specifically Instagram. I never bought his method and am still not sure if it's the same one. Regardless, I've been doing this for over a year, which if it is the same method, means I've been doing it longer. Will give 1 vouch copy. First copy is \$300.

Message me with any questions.

i'll take one of the vouch copies your offering.

Yes I bought an upgrade. I was told I should buy one before I post the method. I am new to this stuff, but willing to give my method for free to some well known people. Yes it is suspicious and yes it is a high price, but the method is a literal goldmine.

I suggest you read the [Help Docs](#).

Not sure what you mean. I've been doing this for over a year. I wouldn't think this method is on here, but it could be. If you think you found someone who sells the same thing please point me out to him.

Theres more to it. A lot more. If it is on this forum, I'm probably selling it for the cheapest. First copy is a steal for its price.

If that's not it, might be interested. I'll shoot you a PM.

Yes there are caps. You cannot send them too fast.
