I don't need to spam. I genually don't know what a crypter is, and why would people get yours?
Like, are they hard to find? Or are they usefull?

If you can encrypt the apk file, please PM me, no matter how thank you in advance!

VisualSoft - May 12, 2020, 7:20 am

Nice share, but I think you should add start-up and install to it.

Kimera - May 12, 2020, 11:33 am

can you give me source code ?

So you have problem downloading free crypter with few ads but I see you dont have any Problem begging for a download link openly.?

What a Poor guy. I could give you some direct links if you have begged like this on my thread. ?

Mikijags - May 13, 2020, 6:07 pm

@visualsoft, you seem to be a nice guy but ive been begging you for a stub from the crypter you sent to me so i can be able to crypt Async rat but up till now you keep ignoring my messages. can you please attend to me now ?

Thank you
