Thread: [Won JACKPOT at SLOTS!](#)

Lorem Ipsum - May 17, 2020, 3:57 am

I must say, I'm happy and disappointed at the same time.

< 25 bytes-spin, nothing

< 10 bytes-spin, nothing

< 5 bytes-spin, WON THE JACKPOT!

Still a nice thing to win, especially after 3 spins today ??

Mohinder - May 17, 2020, 3:58 am

Sick, I am a bit jealous after losing many bytes on Slots.

Gratz

HF gambling or gambling in real life? (BTC, fiat?)

I hope you stopped gambling, as becoming poor by playing it isn't really something I want to go for.

That would be insane.

Didn't even notice, but you have 90k+ bytes. Holy Clay Davis.

HF gambling. IRL I only went twice on a casino, of course I was on profit both times, but I will never return and gamble again, because as we all know there is a saying "The house always wins" :P

Why not keep the same discipline as IRL?

I gamble IRL, I gamble with BTC casino's and on HF..

Speaking about gambling with BTC.. I got this left;

I need to wager about \$19 until I can request a payout, so I left it there until I feel lucky again.
Which is today haha!

IF I can withdraw the profits (after \$19 wager and a minimum of 0.004 BTC left) I will host a little Lottery here with some bytes.

Thank you for the kind words ???

Nah, my mind is set on that.

I made \$50 by selling a 'blackhat method'.

Bought bytes for \$35 or so, decided to gamble the rest. The bytes already increased so that's money well spent.

The gambling went from \$15 to \$19 and to \$42~ so if I can payout today, I will give something back.

I get your point and I appreciate it, but I like to give back to HF from time to time by donation or hosting something.

No, I don't have any "goals" set, it is all random.

Brother, you're on a roll! I've hit the jackpot once in close to 9k spins I believe, and I was only betting 1. Good shot.

RIP.

Never gamble because others are lucky, only when you feel like being lucky.

I wish you good luck on the next try :-)
