Thread: [I will animate your logo for FREE!](#)

Turf - May 17, 2020, 2:54 pm

Hey,

I'm looking to get some practice in, so I'm willing to animate your SVG logo for FREE.

Just send me an .SVG file of your logo, and I will create a basic animation for free. I will send you back a .mov file with your animation, which you can then use for your YouTube channel or other forms of media.

Terms & Conditions:

- I reserve the right to refuse any request for whatever reason, at my own discretion. Additionally - depending on how many requests I get, I can't guarantee I'll be able to complete them all.

- By sending me a copy of your .SVG logo, you are granting me the right to animate it and to display it in my portfolio.
