Thread: [CSGO Shadow/Trade Banned Accounts \(Cheap~Expensive\)](#)

Angel - May 18, 2020, 7:11 am

Hello fellow HF members!

This is my shop for trade banned accounts, here u can find all sorts of shadow trade banned accounts.

Quote:<https://pastebin.com/QwHHVhGu> (Updates when I sell or add new accounts)

Will update the list soon!

If you want a link to the inventory, send me proof of funds via PM or contact me on discord, thank you.

No Faceit/ESL any league is connected you can connect your own, Fresh CS:GO and most importantly never injected any cheats with these account.

I call them shadow banned accounts because they have hidden trade ban, what it means that no one could know you have a trade ban unless you tell them.

FACEIT WORKS, need to play 30 hours to get access to faceit, ESEA is not working if the account didn't purchased/connected ESEA to the account before the trade ban.

Every account comes with OGE and is nonprime.

The prices are negotiable! what I wrote is only a "BIN", I accept Crypto currency (ETH/BTC), or CS:GO keys/skins , you go first or we use a middleman (at your expense).

The accounts are not cracked and won't be recovered.

I'll provide the account info after I get 1 confirmation on a transaction.

Tos:

No refund after the account was provided to you.

Discord: in my siggy.

I have not played in a long time, but are these accounts just trade banned or are they also banned from playing on Valve official CSGO servers?

you can register if you want, you can play on valve official csgo servers.

Yes, what knives are you looking for, and what budget you are looking to invest

Nalright - May 19, 2020, 7:50 am

Did you get these through like steam stealing? Are the accounts totally trade banned or just from CSGO.

I have OGE to all the accounts I sell, totally trade banned, those accounts got hit few years back, they used to be site bots, but it won't show trade banned on your profile, so that's why I call them Shadow banned accounts, no one will know unless you tell them.

I have more accounts to add to the list, will added them in the next few days.

Back in the day you could run a program on someones computer and it would send a trade offer with their inventory to you silently in the background. Was nuts.

Glad we resolved that!

I add more accounts to the list guys, and reduced BIN's on few of them and you always welcome to offer a price.

It's still a bit too much for me to give so much money for digital goods. If you ever have an account close to the \$50-\$60 price range though, shoot me a PM. I have the funds to buy it immediately.

If I'll have one it will be an account without a knife sadly.

I updated the list on what was sold and added new accounts.

Angel - June 13, 2020, 5:25 am

Small update, there were few inventory wipes in other accounts that my friends sold, I haven't experienced any inventory wipe and either my customers.

Due to that, I decided to keep my account list for sale more private than before, so If you are interested in an account, DM or PM me Proof of funds first.

Angel - June 19, 2020, 8:52 am

I have updated the list, few accounts were sold and added new accounts.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
