Thread: [\[OFFICIAL GROUP\] \[OP8\] OPEN RECRUITMENT - ALL MEMBERS](#)

Lrrr - May 19, 2020, 11:42 am

Who is OP8? OP8 is made up of a small group of highly trained individuals in various software and security fields.

OP8 strives to produce AAA quality products and services to the HackForums community.

OP8 staff and team members share in all the group profits. (Get paid to be in a group, not the other way around!)

OP8 members will receive professional training, private methods, exclusive offers, and much more.

Not just another group...

The core OP8 team is a skilled group of software developers, security researchers and systems engineers with experience in different aspects of the information technology industry. We strive to share and collaborate but most importantly learn about how things work. Coming from different groups throughout the internet, our core team has been active since 2001. We have a burning desire to understand the systems that we use most often, to try and exploit them. Not only to benefit ourselves, but to benefit those that use them. We aren't a group of hackers for hire. We are not a political movement or cause. We are a group of people who like to push the boundaries and question everything.

Would I fit in?

That's a tough question, take a look below at some of the things we like to talk about. In general if you answer yes to any of the following questions, you'd probably fit.

Do you like to take things apart to see how they work?

Do you feel the need to jailbreak/root/mod everything you get?

Can you count cards/calculate odds/really good at algebra?

Do you enjoy patterns? Can you identify patterns easily?

Are you good at memory or strategy based games?

Do you find superfluous rules to be a waste of time?

Do you commonly solve challenges differently than others?

What is OP8's focus?

Leaks. (Databases, Rawerror logs, RAT metadata, packet logs, private code, and more.)

Exploits. (Public, Semi-Private, Private, and even 0-day)

Security. (OPSEC, INFOSEC, risk mitigation, and vulnerability assessment)

Privacy. (VPNs, Qubes/Kali/Tails, PGP, and other risk mitigation methods)

Informational Software as a Service (SHODAN, Vega, Skipfish, etc)

Group's Userbar

User CP Application Requirements Member of HackForums.net for at-least six (6) months.

Minimum of 500 posts

Minimum of 100 popularity

No upgrade status required.

Remember that you are applying to a group with the intention of becoming a part of a team. You will be working together with others and with that comes a shared level of responsibility. You should try to give links, examples, and a general idea of why you should be accepted into the body of your application.

[This recruitment is open to everyone, no upgrade requirements and can easily be done via User CP](#)

Sugawara - May 19, 2020, 1:07 pm

Looking forward with some creative recruits in design and engineering space.
Can't wait to work with you guys.

Orchid - May 19, 2020, 1:49 pm

Goodluck to all the applicants, good group.

Ash Ketchum - May 20, 2020, 12:27 am

I shall submit my application to user cp

Xamarin - May 20, 2020, 4:37 am

It looks like a nice group, and a great overall presentation.

Unfortunately I have the interest on the field, but not the necessary post amount to submit an application.

That being said, I wish good luck to any other member applying!

ETH - May 20, 2020, 5:03 am

Applied through the usercp I hope I could fit in the group

Lrrr - May 20, 2020, 9:19 am

It's not a meme application, saying silly stuff in the application will not help you get into the group.

Did I need to mention anything about my role in group

I don't have any idea and I'm sorry if my application is like meme

I may have quoted you by accident but some people are entering like "I have nice feet" which is funny and all but not how you're going to get in.

Links to code or even pm me why you think you should be a part of our group. We are developers and engineers we aren't just accepting everyone who requests...

Toosii - May 20, 2020, 5:42 pm

I would like to join this group, to learn and teach.

Dorrance - June 1, 2020, 1:55 pm

Let's get some more talent on this thread.

4Txe4y33C9zvNhMj - June 1, 2020, 2:36 pm

Hope to welcome new members, would love to see some new faces in our group :)

Also make sure to send non-stupid applications (cute feet are not a reason to join ok)

Mesmaroth - June 1, 2020, 9:02 pm

I would love to join this group. Sadly I don't meet the requirements, maybe next recruitment I can apply. Good luck to anyone trying to get in. Code on!

scam. - June 1, 2020, 11:45 pm

>Minimum of 100 popularity

Damn

Damn

I should have added divorced dad's into the mix...

Goodies - June 2, 2020, 11:57 am

Interesting, actually. I do love to see groups with this type of interest.

Shoutout to anyone who remembers Null.

yea well null drew inspiration from op8

Angela White - June 3, 2020, 7:44 pm

Just applied via the user CP. I have a ton of experience developing software, I wrote a HF APIv2 C# wrapper, and have written a ton of social media bots and other projects. I feel like I'd fit in, but that's

up for you to decide.

Lrrr - June 7, 2020, 3:47 pm

Welcome our latest recruits! We are still open for recruitment, please apply via user cp and make sure to give a quick explanation on why you should be approved.

Absolutist - July 2, 2020, 6:08 am

So I do security for work while I'm in school but not the online type stuff. Would I be of any use to this group?

(Jul 2, 2020 06:08 AM)Absolutist Wrote: [\[CITE\]](#) So I do security for work while I'm in school but not the online type stuff. Would I be of any use to this group?

Absolutely, physical security knowledge is a fantastic skillset. A few of us love lockpicking and door opening.

How long have you worked physical security? What is your job title?

Absolutist - July 3, 2020, 9:57 am

(Jul 3, 2020 09:41 AM)Lrrr Wrote: [\[CITE\]](#) How long have you worked physical security? What is your job title?

About 12 years now, just patrol an area. Security guard...

Goodies - July 14, 2020, 10:26 am

The members here are intelligent, driven, and kind. I've enjoyed my limited time here so far and hope to continue to contribute.

Dorrance - July 14, 2020, 10:27 am

Lets see who would be a nice candidate.

Ortek - July 14, 2020, 12:23 pm

(Jul 14, 2020 10:27 AM)Dorrance Wrote: [\[CITE\]](#) Lets see who would be a nice candidate.
Yes I'm curious as well.

Lrrr - July 14, 2020, 2:28 pm

(Jul 14, 2020 01:35 PM)-Scrub Wrote: [CITE](#) That makes 3 of us !

My favorite new members so far have been [mention=4227846] for turning me on to some interesting hustles

and [mention=2774521] because he will talk about anything and seems to have some pretty good ideas.

A close runner up would also be [Parks](#) because he left the group by accident and I had to let him back in
