Thread: [Looking for a simple webshop wich as only a btc/crypto payment](#)

projectowl - May 19, 2020, 4:07 pm

Hi I need a simple webshop where I can list my own digital goods. (autoshop but simple)
The only payment option has to be btc.
I need just a simple desidn where I can put my own logo and txt.
It also have to be a contact form

PM if u want to do this.

I pay in BTC

I assume you mean something like shoppy or atshop?

You choose what payment methods you want and create a store with your own terms.
