Code Mate sent me a vouch copy, and I gotta say; this is incredibly simple. yet hard to detect absolutely GREYHAT method, that would definitely work.

Personally, this might work best with major brands, more so than smaller ones though.

Otherwise, definitely worth the small price for some good, easy money/shoes.

Code Received a vouch copy, overall a pretty simple and easy method to follow, its pretty grey hat and morally questionable, but if you don't have a problem, which most of us don't, this can be a pretty easy way for a new pair of kicks for free.
