SpookyD - May 21, 2020, 10:50 am

Sounds interesting, what countries are they mostly from?

I mean you said they are mixed, but than listed the "1000 followers Mix normal and low quality: \$ 20"

So where are those coming from mainly, and the low quality ones.

HMU if you can also do volumes and open to resell this, i might of have interested clients considering these are real.

Mixed followers are a mix of fake and ordinary followers and come from a variety of countries

Hey! I was granted the privilege of being about to receive a vouch copy for this service!

I was initially told I would get 100 follows, so very happy but OP ended up giving me way more, so thank you! He showed me his different packages and each one worked perfectly, The follows I received were indeed HQ and appeared to be active accounts, I have posted a few here to prove my claim, Even raking up a few likes on a new picture i posted with 0 hashtags.

All in all this is a very good service to get some HQ followers, In the future maybe OP can provide targeted ones but the service he is advertising works perfectly and am very happy, and would be if i paid the full price, I will no doubt be buying in the future!

Sorry about the ordering but there you will see the before picture of my account, the after picture and 3 of the most recent followers i got !

Thanks for delivering my IG likes in such a timely matter.

Also really appreciate how you threw in some extra likes as well!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
