FREQUENTLY ASKED QUESTIONS:

Q: Does the method have anything to do with RAT, Refunding, SE, Ewhoring, Cracking, Exchanging, Reddit, CPA, Fraud or Carding?

A: No.

Q: Is it working in my country?

A: Yes, it is - if in your country is eBay supported.

Q: Is it legal?

A: It's 100% whitehat (legal).

Q: Why to you sell it?

A: To be honest, I sell it to make even more money and to get some reputation on the forum.

Q: Do I need to invest?

A: You don't have to, but €20 investment is recommended.

Done

Scribit - August 8, 2020, 2:11 pm

Hey Wealthy, does this method put my eBay account at risk at all? Just want to make sure I'm not selling a product that's against their TOS

BlueCider - August 8, 2020, 5:16 pm

Sent the vouch copy contract :)

Sorry, you have 0 rating. You can still buy the ebook, it's only \$7.

Moxas - August 9, 2020, 4:14 pm

Hi, if you can send me a vouch copy i can write a good review.

BlueCider - August 9, 2020, 5:48 pm

I was lucky enough to recieve a vouch copy from OP so here's my review.

The E-Book is detailed and written in good, understandable English, and is also quite nicely organised. The pages are also quite appealing which was unexpected as this is only \$7. When I say it's detailed, I mean, each step is written in very deep detail so you don't do anything wrong or fugg anything up. The effort the OP has put into this is amazing. I haven't tried this method out, but it surely will work without a doubt, if you put the effort in and the optional investment in. This method is also 100% legal, and follows all guidelines on eBay. You will make your money back pretty easily, if you put the effort in. No TOS breaking, whitehat, and quite simple and easy all for \$7 is a steal.

I give this method a solid 10/10, as this methos and the E-Book itself is of great quality. GLWS OP.

Bro, did you even try making it less obvious? You legitimately used my pictures and even straight up copied content from my sales topic. Come on mate, use your own brain for a bit.
