I'm not sure if these are legit or just scams but they have seller feedback and they seem to be selling cheap due to the Coronavirus. If not the descriptions are false advertising and you'd probably be entitled to a refund.

For example one listing says it includes:

Package includes:

- 1 x Racing Gaming Chair
- 1 x Headrest cushion & lumbar cushion
- 1 x Footrest
- 1 x Installation instruction
- Some Hardwares

All the items have been removed so i dont think you should be waiting for your chair, if you ordered one.

If it seems too good to be true, it probably is.
