Thread: [\\$300+ in 3 days + \\$150 pending - Unique Ewhore Approach](#)

kremlinboss - May 21, 2020, 3:36 pm

I have respect for everyone. but I couldn't learn anything from the like 20-page ebook with 90 punto text. I studied most ewhore topics. I have tested. I officially had zero success.

I implemented my own strategy and achieved some success.
I was motivated when I saw your success here.
So I wanted to share a thread to motivate others.

You probably are doing something wrong, it might be your traffic or your profile might not look professional but \$300 in 3 days is not the best.

At least it's something, some people struggle to make that.

Do you know a better method that is more successful? Would you be interested to share?

Frankly, I am not trying to sell premium snapchat.(maybe this is wrong approach)

Or I am not trying to market products 10-20 times a day.

I think I'm going in a completely different direction from your strategy.

I will try to improve the results in the future. ?
