Thread: [I slept 4 hours and woke up to this](#)

**Mula-B** - May 22, 2020, 2:10 am

I was just sleeping, ya know, minding my own business. And the next thing I hear is a loud fucking BUZ-sound: "BZZZZZZZZZZZZZZZZZZ". I was like what the fuck is this, my window was open and I could hear it outside. I was shocked what I saw, I am sleeping in my underwear with no blanket. It's a fucking drone, I managed to take a photo of the Mother F'r just in time....

I've no idea who is managing the drone but next time I see it I plan on taking it out. Do you guys have ANY ideas to take this sh1t out?

The photo I took is zoomed in, don't mind the quality.

**Luca** - May 22, 2020, 2:31 am

Call in an aerial strike next time you see it.

**Temp\_reassign** - May 22, 2020, 2:33 am

I can't seem to figure out the drone in your photo. Perhaps it was all in your head? I mean, a dream?? or some kid from your neighborhood messing with ya.

**Exalted** - May 22, 2020, 3:16 am

Call in an airstrike; be sure to have UAV first, though!

**Mula-B** - May 22, 2020, 3:29 am

Okay guys calm down with the troll replies lol.

**Vibe** - May 22, 2020, 3:33 am

**ETH** - May 22, 2020, 4:13 am

Maybe it is the drone by government check if the people are going or not in covid-19 with necessary precautions

**Astrogen** - May 22, 2020, 4:19 am

Probably someone taking an aerial shot for their video.

**Octavia** - May 22, 2020, 4:30 am

EMP grenade should do the trick.

**Br?dley** - May 22, 2020, 4:35 am

Imagine if you were giving your boyfriend a quick one and the drone spotted you.

Jesus Christ how would you be?

**CyberStrike** - May 22, 2020, 4:48 am

It could be govt as someone else mentioned, beyond that yes it's creepy but it doesn't seem so close. Of course if one day it's right outside the window/door I would consider an offensive stance. Of course depends on your country and laws but it could be brought down.. for example many use wifi maybe able to disconnect the operator, worst case a pellet gun (once again if you live in a large city don't do this).

**Xen** - May 22, 2020, 4:54 am

Doubt someone is spying on you but that noise would annoy the fuck outta me

Jesus Christ how would you be?! IT'S SOOOO FUCKING CREEPY, WHAT THE FUCK WHY WOULD SOMEBODY HAVE A DRONE FLYING IN A NEIGHBOURHOOD?

the drone was flying above my backyard garden, THERE IS LEGIT NO REASON TO FUCKING FLY THERE.

IMAGINE I WAS HAVING A WANK LMFAOOOOO. It was flying over my backyard garden, EVEN I DONT WANT TO SEE MY GARDEN IT'S TOTALLY FUCKED HAHAAHAAH

Thanks for your advice tho, but I think I'll just throw rocks at it. Imma collect some and next time I see it it's hopefully going down.

**Bacardi Cola Lime** - May 22, 2020, 5:48 am

Lol how weird it would be if someone was creeping on you. Level 100 stalking method haha. I would've gotten scared if such a thing happened to me.

**Shrooms** - May 22, 2020, 7:26 am

Pretty fucked if it's looking in your window but I doubt it was. Probably, or hopefully, a good reason for it to be there

**A +** - May 22, 2020, 7:33 am

Get a baseball, or something. If you have a gun use that. It would be the last time it came by my house.

**OBAMASELF** - May 22, 2020, 8:06 am

I thought it was a Mosquito stuck on your window lol

**2xTheTap115** - May 22, 2020, 9:30 am

In my country, such drones are used to study what fuel citizens burn in furnaces (thus controlling whether rubbish is burned, etc.). Maybe this is one of these drones? although I can't cut my head for it?

**B?????araka** - May 22, 2020, 12:16 pm

damn thats annoying i would be pissed.

Shoot down an aircraft and get the FAA at your door. Drones or UAS are treated like aircraft. You DO NOT own the air space above your house.
