FAQ:

If you own the Socialclub version of the game:

You'll need to change the current password of your Social Club account. (For your own safety)

Give me the Socialclub account with the changed password.

I'll give you back the modified account after 30 mins to an hour and a half (depending on what features you had selected).

If you own the Steam version of the game:

You'll need to change the current password of your Steam account. (Again, for your own safety)
