he has open dispute .I noticed he had an open dispute too. But I took the risk because I needed 1:1 and he came through. Did a \$200 deal and went first no problems.

well sad thing is he didn't even bothered to give response to the poor guy .

and he changed his name , if you try to search his uid, he has bunch of disputes before the contract system was made.

this guy is sketchy .

if you keep defending this guy, we can assume that you're one of his accomplices .

edit : well, they said that birds with the same feather flocks together

You're making some big accusations towards me being an "accomplice". I got all the proof needed that he just sold me \$200 BTC. I sold this user a fortnite cheat a while back and he went first no problems, and he sold me \$200 BTC and fulfilled his deal. I don't know if he scammed those people or not but I'm vouching here now because he held up this deal this time.

i mentioned " if " . im not directly accusing you .

there's a possibility that he's doing some few legit transactions for cover ups.

unfortunately disputes won't go away even if how many times he change his name

If you're so convinced go contact staff. I just spoke with Vitani the other day, I'm sure if he thought that was valid or if he thought anything sus about me I would be banned. I was in writers back in the day and have been here for years. That scam report you linked was an invalid scam report from 2015. 5 years ago. You can keep digging and trying to find dirt on me and you can neg me for no reason. Not phasing me.

I will say this again for the people in the back, this user FULFILLED THE DEAL. I vouch for him because he fulfilled this deal. Last time I checked you don't have mentor or staff. I can say to deal carefully with this guy if he has an open dispute you may be right he may be doing legit things and trying to do a big scam who knows but I feel obligated to defend him considering I just bought coin 1:1 which is hard to come by and I appreciate it.

iv'e been here longer than you , but that won't make me more trusted than you tho .
yes i do believe that you and OP did an exchange .

you are not obliged to defend this guy just because you did an exchange once .
as i've said , he might be doing some few legit transactions then scam again .
that's just a possibility .

lol no, i only did a quick search .
i only negged you because you kept defending a scammer .

edit : why would i contact a staff ?your'e from 'writers' group before, you should at least know that they won't interfere with deals here .

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

He has an open dispute, he may have scammed or he may not have who knows. You don't tell me who I'm obliged to defend, I can defend whoever I please, your opinion does not matter. I'm only defending this guy so hard now because you think you're something special. You could have just said DWC and linked his dispute, but you decided to try and shred ME publicly so here we are.

i think anyone can post his/her opinion here .
my opinion is OP is a scammer, and it's backed with proof .

now tell me what's wrong with that ?

(May 25, 2020 01:42 PM)Herbo Wrote: [\[CITE\]](#) Trying to boost my contract count upl am not sure if this is allowed, and if it is that's disappointing. OP is openly asking to deals that make him 0\$ (probably lose him money) to raise his contract count. Regardless, OP is pretty obviously a scammer, as seen from him not even attempting to defend himself here (nor on this thread!):
<https://hackforums.net/showthread.php?tid=6058592&highlight=2038812>

I highly recommend people do not deal with this person unless he goes first. Nothing against Spooky, maybe it was legitimate, but scammers do not scam every deal. Doesn't make them not scumbags.

Cheers.

Yeah, you see, if you're going to pull this shit off at least don't mention it so you aren't going to get busted so hard. Boosting b-rating is forbidden and you having an open deal dispute is very heartwarming to know. You're probably going to use that positive b-rating to become a better man.

Maybe you'll be a bit smarter next time. See you in a year.
