no longer for sale, dont pm me about that
[contract=tid]Start Contract[/contract]

-DarkByDesign- - May 31, 2020, 1:24 pm

I will gladly, test and write a detailed review. Thanks.

Lextian - May 31, 2020, 5:33 pm

Looks really good, will be back to test this out soon.

Does anyone know if this would boost the watchtime to reach the monetization requirement?

If a vouch copy is available I'd leave a detailed review and give you a shout on my 200k network <3

Best regards

VisualSoft - June 2, 2020, 12:10 am

Just watched the full video, its really good.
Is it also adsense safe?

This is for LIVE STREAMS only. Live-streaming itself doesn't count toward your watch time

Thanks, not sure what you mean with adsense

I have no idea, my channel isnt enabled for monetization, but the script utilize proxies and rotating user-agents so it should be adsense safe.

I could of really done with this a few weeks ago lol! GLWS mate
Might have to give it a run myself as soon as im up and running again

You know what i'd really love to see on this and what i think would make a stunning feature would be a control centre to control all the bot applications across multiple VPS or computers and/or even have it silent. Imagine the amount of live views you could have running this bot over a botnet !

nCuX0 - June 12, 2020, 5:11 pm

Thanks for kind words buddy, this bot is still working and i take suggestions what to add

Pronouncer - June 13, 2020, 2:00 pm

You want to partner up kinda i can offer your customers 50% off myproxy.shop

Thanks for the offer but im not interested right now, will let you know if i change my mind :)

Uncle Drew - June 14, 2020, 2:26 am

Wondering if you can build one for fb live.

I will check what i can do about that, thanks for suggestion

Elitis - June 18, 2020, 1:56 pm

Are the viewers stable? Like e.g they stay constant 1k?

Or do they go up and drop alot?

(May 31, 2020 06:23 AM)nCuX0 Wrote: [\[CITE\]](#) - Undetectable, no ban

- Multi-threaded, ability to add unlimited number of viewers
- Proxies, support HTTP and HTTPS proxies, free proxy lists included(always up-to-date)
- Most of the viewers stay till you close the application
- Low resources usage

It mostly depends on your proxies.

You can start a contract with me anytime you want

JuiceBoxCereal - July 6, 2020, 11:39 am

Before a video goes live, you can set up a pre premiere video. Would these views work for that too?

nope, this is only for LIVE STREAM

Stanley - July 15, 2020, 1:58 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Stop selling public bots, this bot is released long ago in a forum, here is the proof :

Look, he even put me a negative reputation (like i care) for saying the truth, how desperate is this kid for trying to sell public shit
