Promised to give me a rdp for extra payment 20\$ above the 150 he asked which I paid.
Then said to me I have to complete the contract otherwise he couldnt proceed. I completed it didnt think about the logic to wait. I know i dont get my money back but that is not which I do care about.

This man promised to crypt but nothing happened he doesnt come online on xmpp or discord.
So this guy choose to run away whit a small amount of money. |
I guess he needs it but I recommond never do business with this guy

He didnt show up because he has been banned. He is a known scammer, plenty of community alerts and disputes on him.
