Thread: [won 25k credits from scratch card game](#)

De??oid - June 1, 2020, 11:16 am

bought 13 scratch cards with 13k credits and won back 33k. including one 25k win (I hit 3 golden cups)

Could not be able to capture the moment, but here's pic from my history:

I don't know if this is allowed..

but I told you I was selling LUCKY BYTES hahaha

All jokes aside, congratulations my man! Very well done. I never had luck with scratch cards, though!

That's appreciated. I remember I bought a 100\$ one for a bUZZ and only got 5k bytes was very sad :(.

Wow man congrats! that is some sick luck !!

I heard of people like @Toosii for example who got .. well.. a lot less for their scratch card xD

Yeah pretty lucky I'd say, the odds aren't That high for scratchcards

Top price I've won from scratchies is 1000 bytes. Unless we take into account the day they were released and the odds were broken. I got to 300k bytes and there were members in the millions. Everything reverted back to normal the next day.

The max bytes that I won from scratch cards are 1k bytes ...
